

PROFESSIONAL
FELLOWS

BASSEM ELZOGHBY

Alexandria, Egypt

Mr. Bassem Elzoghby is currently a field officer with Plan International's Economic Empowerment Program Team. Previously, he served as the Head of Programs and Training Unit at the Circle for Training and Consultancy where he provided vocational and labor market training and coordinated projects on financial literacy and banking knowledge for women. Bassem holds a professional master's degree in Public Policy and Evaluation of Development Projects from Assuit University. He is a certified trainer in "Start and Improve Your Business" (ILO) and has received numerous certificates recognizing his social community activities from the Arab Academy for Science and Technology, the British Council, and the Ministry of Youth and Sports.

Professional Goals

In the future, Bassem hopes to work in the Ministry of Planning and Economic Development and the Ministry of International Cooperation, and to establishing his own youth outreach organization.

Professional Fellows Program Objectives

Through the Professional Fellows Program, Bassem hopes to develop his skills in project management and to further design economic development policy. He also seeks to learn more about social entrepreneurship and to become more locally and globally engaged.
